## A. M. S. RALLY AND SMOKER TO BE HELD THURSDAY A. M.

Wrestling, Men's Trio  
And Outside Talent  
Will Feature  
Affair Here

The giant A.M.S. rally and smoker will take place Thursday, October 29, at 11:00 a. m. in the Little Theater. An elaborate and diversified program has been planned, according to the arrangements committee. Athletic contests, skits, music and recitations will make up the program.

Corrine Lynwood, student from S. F. J. C., has promised to mimic several outstanding characters. At the joint rally recently held at Roberts' Field, Miss Lynwood was acclaimed for her imitation acts.

The A.M.S. trio will render several songs. This is a newly organized group and has been practicing especially for this rally. Two professional radio musical acts will round out the music section of the program, consisting of a saxophone and piano duet, and an accordion duet.

The feature athletic contest of the program find Maury Schwartz, amateur boxer and wrestler, and "Sad Sam" Goldstein rematched in a wrestling contest. Each holds four decisions over the other, and they have agreed to let this match decide the winner of the Goldstein-Schwartz feud. A spirited bout is anticipated, as each contestant is in excellent condition and is sure of a quick decisive victory.

The manly art of self defence will be demonstrated by Earl Booker, State's outstanding professional boxer, in an exhibition bout. Booker is considered by many fight experts to be headed for the lightweight boxing championship. Those planning upon taking this examination should see Mrs. Pearl Neilson, placement secretary, to arrange for the transcript of college credentials as well as the recommendation of the college.

### Revive Exams. For Teachers At Ed Board

Maximum Age 35 With Valid  
Teaching Credential Of  
Applicants Required

"San Francisco County, for the first time in about five years, will hold competitive examinations for teachers of the kindergarten and elementary grades on December 29th," so stated Howard McDonald, deputy superintendent of schools. The examination is scheduled at the Board of Education office, Civic Auditorium Building.

The qualifications of the candidates are as follows: Age limit not to exceed thirty-five years, must possess a valid teaching credential issued by the State Board of Education and must have an honorable discharge from the last college attended.

McDonald also stated that the grade points will depend upon the applicant's ability to write correct English as well as to have an understanding of modern social events. The points for the examination are as follows: 400 points for the written examination, 200 points for the proper recommendation of the college where graduated, 75 points for the applicant possessing a kindergarten credential, or 100 points for a elementary credential, and 200 points for the oral interview.

Next Thursday College Theater will stage a preview of "Post Road" at 11 a. m. in the Annex Theater.

### One Acts Are Staged Here By Thespians

"Cleft Heart" and "Minuet"  
Attain Professional  
Stage Settings

Elaborate settings for two one-act plays lent a professional tone to the two productions staged by the College Theater Group last Thursday.

Directed by Miss Jessie Casebolt, sponsor, "The Cleft Heart," a satire on hearts, was effectively carried by Miss Ruth Hutchinson and Al Shepherd, who made up the cast.

The second production, "The Minuet," dealing with aristocrats facing an execution, starred Al Shepherd, Harriet White and Eugene Corbett.

It is the intention of College Theater to give productions created by the students themselves every two weeks, says Miss Casebolt. These performances are informal and everyone is invited.

Next Thursday College Theater will stage a preview of "Post Road" at 11 a. m. in the Annex Theater.

### Changes Seen In Fee Payment

#### Rose Announces Change in Registration Procedure

There is to be a change next term in the procedure of paying Student Body fees, according to Bill Rose, chairman of the Registration Committee.

Instead of paying fees in room 109, College Hall, they will be paid in 123 Anderson Hall in the new annex. Two persons will collect them instead of one, to speed up the process. This is to relieve the crowded and congested conditions that always have existed in College Hall.

The booklets will be given out in College Hall in the same way as usual.

Sign up for courses will be in the gym, but the entrance will be thru the east door rather than the west.

In the gym the departments will be broken up into sub-divisions to avoid long lines. They will be divided into morning and afternoon and also grouped into different classes such as Journalism, English 1, English 2, drama, etc., for the English department.

Tickets are available from any member of the Music Federation.

### A. P. G. Will Convene in Los Angeles

Year's Best Editorial  
Will Be Selected From  
L. A. Metropolitan  
Papers

Members of Alpha Phi Gamma, journalistic fraternity, will convene at Los Angeles on November 27, 28 and 29th, at which time they will meet with other chapters of the fraternity of other colleges and compete for the best written editorials, feature stories, sports, etc.

Three kinds of tickets will be available for those who are planning upon attending the affair. First, there are the class A tickets which sell for six dollars and enables the holder to take in everything during the convention, the class B tickets, selling for four dollars, will include everything except hotel accommodations, while the class C ticket sells for four dollars and enables the holder to just attend the convention.

Judges will be furnished by the Los Angeles Examiner for the various contests pertaining to the journalism competitions. The Examiner is planning on showing those that attend the convention the best editorial story of the year which appeared in metropolitan Los Angeles daily papers.

The next social function of the A. P. G. will be a Costume Hallowe'en Party held on October 29th, at Sigmund Stern Grove.

At this time the three pledges, Dorothy Jean White, Alice Marsden and William Rose will be in charge of the outing.

### COSTUME PARTY FOR MUSICIANS

Masks, costumes, music and dancing will bring the Hallowe'en spirit to members of the Music Federation at their party in the orchestra room on Friday night, Oct. 30.

All students are welcome to attend for the general admission price of 10c.

Although the wearing of costumes is optional, party-goers are urged to comply in this respect.

Also open to the general student body is the Palace Hotel dance sponsored by the Music Federation for November 6.

Bernie Cummings and his orchestra will furnish the musical entertainment for this affair. The charge is \$1.80 per couple.

Carlton Hansen, Bill Clinkbeard and Leon Minear are the committee in charge of decoration for the Hallowe'en party, with Constance James issuing the invitations.

Tickets are available from any member of the Music Federation.

### OPPORTUNITY FOR STATERS TO WIN TRIP TO DEBATE CONVENTION IN SOUTH

Tryouts With Other Colleges Will Be Held —  
Winners To Represent Their College At  
the Convention in Pasadena on  
November 23, 24 and 25

Ability, poise, presentation, and initiative will be the "key note" of the qualifications of the State debaters who will win a trip to Pasadena with all expenses paid, where they will enter the Western Speech Convention tournament held on November 23, 24 and 25.

A number of try-outs will be carried on with the other colleges in order to determine the four outstanding debaters of each college. The winners are to represent their college at the convention.

### Junior Prom Held Nov. 21

Bid Arrangements Made;  
May Be Secured On  
November 15

Bids and programs for the Junior Prom on November 21st will be in possession of the members of the committee by November 15th, according to Rose Marie Haas, the chairman.

Doubts that the popular Gary Evers orchestra would be the music organization for the night were definitely set at rest by the announcement from Bud Decker himself that the orchestra was "signed, sealed and delivered for the evening."

That the idea of "Big Game" for the dance had caught on to stay was the belief of officers of the class and students of the college as shown by informal polls of opinion on the subject.

Officers of the High Juniors have signified their enthusiasm and support by volunteering to serve in any capacity the committee chairmen choose. Pauline Quirk, vice-president of the Low Juniors, is in charge of this phase of the event.

### JEWELRY SALE IN FINAL WEEK

Co-op jewelry sale enters final week, October 26 to 30. Necklaces, bracelets and pendants to be featured.

The Co-op sacrifice sale of jewelry enters its final week with high hopes of a complete disposal of the present stock. The sale thus far has exceeded the expectations of the management. Because of the exceedingly low sacrifice prices of the high-class jewelry, State students were quick to seize the opportunity of making fine additions of compacts and rings.

The closing days of the disposal sale sees the stock of pendants, necklaces and bracelets being featured. The popularity of the present sale means that haste is necessary if you wish a choice from the complete stock. There are a few pieces left from the preceding weeks, compacts and rings still available at the new prices.

Following the jewelry sale the management will stress the disposal of desk sets and desk accessories.

### Registrar's Notice

1. All students except low freshmen must file in the registrar's office applications for Majors or Minors approved by the department, if they have not already done so.

2. November 2 all students who have not paid material and service fees by this date will be excluded from class.

3. On Saturday, November 14, the penmanship and math tests will be given.

**Buy  
Bids at  
Office**

Tuesday

Those colleges contacted and days of the debates are as follows: University of California, October 29th, there; Santa Barbara State, November 6th, there; University of California Women's team, November 6th, there; Santa Clara, November 10th, there; St. Mary's, November 16th, there; San Jose State, November 20th, here.

Judges will determine the four outstanding debaters who will make the Pasadena trip. In spite of the fact that there are about thirty students entered in this tournament it can easily be recognized that a number of these entered will not be able to compete because of practice teaching or outside work scheduled on the days of the debates. However, everything will be incorporated to help those unable to compete in the debates. Plans are being made to obtain the free periods of those in the competition, so that they may be able to compete.

### TOPICS

Following are the topics for the oratorical contest: (1) Democracy, (2) Aviation, or (3) Business as a Profession. Extemporaneous speaking will be limited to some form of traffic safety. Students interested in debating will debate on the question, Resolved: That Congress be empowered to fix minimum wages and maximum hours for industry.

The following rules will be incorporated for the extemporaneous speaking and debate.

(1) Only regular enrolled State students are eligible to compete.

(2) No notes are to be used when making deliveries.

(3) No delivery is to exceed 1500 words.

(4) All deliveries are to be original and authentic.

(5) All competitors must register with Jack Werchick, box 2, as soon as possible if they have not done so already.

### SPANISH TINGE INVADES STATE

Twenty-seven separate diplomas, one for each high school examination passed, these are the credentials that Beatriz Gloria Cejada, graduate of the Instituto de Segunda Ensenanza in Salamanca, Spain, will bring with her when she comes to State to finish preparations for a teaching career.

Miss Cejada went to Spain from Watsonville, California, where she was born. After graduating from high school in Spain, she entered her first year of college at the University of Salamanca.

Her certificates, sent ahead to the Registrar's Office, bear the signature of the Secretary of the Tribunal, and the seal of the Spanish government. The government of Alfonso XIII and the present be-leaguered one are both represented on the papers.

### LATE BULLETIN

There will be a tea and entertainment given for all English majors and minors in the activities room tomorrow at 4. Invitations have been sent out to all people enrolled in English.

### PLAY FEATURES POST IMITATIONS

Something unusual in the way of sound effects will be Harry Post, who will imitate a short-wave radio set in "Post Road," College Theater's coming production. He will pinch-hit for telephones, sirens, doorbells, auto horns and static, as well as speak Italian, French and German languages.

Post will also interpret the part of Billy Bunce, the gas-meter reader, and Jay, the State Trooper, in the play.

The "Post Road" will be staged on November 13th at the Western Women's Club. A "preview" of the play will be given by the cast in the Annex Theater, Thursday.

### A.B. GRADUATES HEAR DR. SHERMAN L. BROWN

Dr. Sherman L. Brown, director of practice teaching, discussed his twenty-five years' experience in teaching field, at the last meeting of the A. B. Graduate club held recently. Clarence Joergensen, president of the club, stated that all holders of A.B. degrees should attend these meetings.

**TIME OUT**  
+ +  
By TOM THORPE

**CONGRATULATIONS...**

To Ken Johnson, my esteemed colleague, for answering those letters in a way that I would have. This is the first opportunity that I've had to publicly praise Johnson for his editorial letter to the coaches and if any person around this school doesn't like the way the team is being run, come around and see me and I'll personally introduce you to Dan Farmer or Hal Harden and you can tell your grievances to them, who will be willing to listen and give you straightforward answers to any questions you may have. The same goes for the Sports pages in this Golden Gater, we're doing our best and you can always read a city paper if this one gets tiresome.

**REMEMBER!**

The night following Thursday will see the Gater Fresh in action for the first time against the Boy's Club outfit. It will be interesting to watch because it will bring out the unsung heroes of the team who, as yet, have had very little or no experience at all with the State squad and its opponents. Don't forget that the members of the second and third strings are out there every night and going through the same practice and exercises that the varsity do, so let's all turn out and give them a real hand and show them we appreciate their attitude and spirit. Remember Friday night, Oct. 30.

**CHICO CHUCKLES...**

Intended to start out at 8 o'clock, left at 9...

The inevitable happened... got a blowout just this side of Vacaville...

"Red" Thompson, former Vacaville, disappointed because the town band wasn't there to receive him, although he did wave to a service station attendant...

Arrived in Oroville at 3:30, walked around the town and got back at the Oroville Inn at 4:00... What a town!...

Coach Acker of the Wildcats looked like Groucho Marx after Kelnhofers came from some place in Oroville and snagged Harkness' pass for six points...

"Bud" Decker telling the High School Cadets, or equivalent to his R.O.T.C. here, all about his experiences... he thought they were the National Guards...

Everybody out for milkshakes after game... on the coaches...

Gas gave out just outside of Marysville... got five gallons from a farmer...

everybody singing on the way home, although not equaling the Fred Waring Glee Club.

Finally home... with a moral victory...

# GATERS TIE CHICO STATE

### Win Two On One Touchdown

### Sleeper Fools Chico State

### Game Highlights Pictured

Here's one for Robert L. Ripley. In the last three games State has won two of them and yet has only crossed the opponents goal line once on a touchdown play. In the same three games the opponents outgained State in practically every department of the game. Yet it's the scores that count.

It's probably the oldest play in football. Yet it worked again Friday night. The "sleeper" play, Harkness to Kelnhofers, probably dates back to the time of the great Ted McCoy of Yale or to Pop Warner's halcyon days at Carlisle.

Amusing incident: Your Sports Ed. for this page, Thorpe, limping in unison with the time-keeper. Thorpe received a sprained ankle last week in scrimmage. He and the time-keeper marched up and down the sidelines in perfect step and one half. Reminded one of the Spirit of '76, minus the drummer.

Strange as it seems, the fistfull of State rooters that attended the game yelled just as loud, if not louder, than the whole Chico section.

This is what Chico would add to the "last word" column, "Ready or not, here we come." Bill Ferem used these words as a battle cry.

"Hey, four-eyes, how'd you like that one!" That was the greeting Bill Abbey, quarterback, yelled to Coach Art Acker of Chico, when the Gaters pulled the "dead-man" play and scored. Incidentally, Abbey has played practically the full 60 minutes in the past four games. Quite a record, eh?

The lean years seem to be passing. Up until this time, State could never boast of victory or tie with Chico. Last season the Wildcats romped home with a 24-0 victory.

### Purple and Gold Underdogs Kick Over Dope By Holding Chico Wildcats To 6-6 Tie—Bob Kelnhofers Averages 5 Yards

Kicking over the dope bucket again, the Golden Tide held Chico State to a 6-6 tie at Oroville Friday night. The Purple and Gold were underdogs as they went into the battle, with odds favoring Chico to win by two touchdowns.

A "sleeper" play, one of the oldest in football, accounted for the Gater touchdown. In the middle of the second quarter Bud Chandler ran a reverse to the Wildcat 30 yard stripe. Kelnhofers was left on the

opposite side of the field unnoticed by the Chico defense. On the next play a pass from Harkness to Kelnhofers was good for the State score. The play caught the secondary sleeping and Kelnhofers scored easily.

**Brilliant Goal Stand**

A brilliant goal line defense kept the Wildcats from pay dirt until late in the fourth quarter. In that period Parkinson plunged over from the 2 yard line to score. Hoffmann's conversion was wide.

Four times the "Wildcats" knocked at the goal line. The first time the Chico team got within scoring distance the Golden Tide held on down and threw Chico for an eight yard loss in the process.

**Hit Stone Wall**

The next time that the Wildcat offense motored down to scoring territory they barked up against a veritable stone wall. Marching to the three yard line the Chico offense could get no farther through the center of the Purple and Gold line. Four downs later the ball was in State's possession on the 13 yard stripe.

Not to be denied, Chico again motored down deep into State's territory. This time they ended up on the sixteen yard line after being just five yards to scoring territory.

Putting on the pressure in their fourth drive, Chico moved downfield on a series of power plays and reverses. Driving in from the fifteen, the Wildcats made it first down on the five yard stripe. On the first play they were thrown for a three yard loss as part of the State line filtered into the Wildcat backfield to stop the play. On the next play they scored a yard and were advanced five yards more on an offside penalty against State. With the ball on the State two, two plays saw the Chico team advance only to the two foot line. A buck over center, with Parkinson carrying the ball, was stopped on the goal line and was declared a touchdown by the officials.

**Capitalized on Fumble**

Chico capitalized on two fumbles and a blocked quick-kick. Orrin Hoffman, triple threat back for Coach Art Acker's team, proved to be the outstanding player on the Chico squad. Carrying the ball 28 times, he managed to average some 4.8 yards from scrimmage.

Outshining Hoffman as a ground gainer was Bob Kelnhofers. Kelnhofers on 12 trips with the pigskin took the ball 62 yards for an average of 5.1 yards per play.

**THE STARS PREDICT...**  
That the '37 annual will be tops.

### Frosh Battle Boys Club In Game Friday

Looking forward to playing in their first game for State for longer than a few minutes, the State Freshman squad, comprising the second and third strings, will meet the San Francisco Boys' Club Friday night, October 30, in Roberts' Stadium.

Coached by Andy Brown, former San Matean and graduate of the University of Nevada, the Boys' Club aggregation promises a tough game to the future varsity men of State. Outstanding gridironers from the Club are Frank Skelly, Mission high graduate, who weighs 180 pounds and is their triple-threat fullback; Len Colbert, weight at 175 pounds, who is very fast and an exceptional blocker, plays quarter, and Captain Mike Doherty, who will be playing center in a line that averages 180 pounds and surrounded by a backfield that averages 175 pounds.

**First Frosh Team**

This is the first time in the history of football at State College that a Freshman team has been organized, much credit being due to Dean Dave Cox, Director of Athletics, who has been attempting to stress Freshman athletics since his stay at State, and this game is the first step towards accomplishing that goal.

Dan Farmer, arranger of the affair, stated that every man out for football, excluding the varsity, would get an opportunity to display his ability, and to make it more emphatic, announced that the varsity would not even put their suits on.

**Win One in Three**

The Boys' Club have played three games, losing to the Antioch American Legion, 19-6; beating the Monterey Presidio, 6-0 and drawing a scoreless tie with the Oakland Cardinals, whereas this will be the first game for the Gator Babes.

Starting lineup for the Small Staters has not been definitely announced, but according to Farmer and Hal Harden, co-coaches, every man not on the varsity will be out there some time during the affair.

In addition to what promises to be an exciting and well-fought affair, the San Francisco Boys' Club will provide the music with their well-known and talented band of forty members.

### Classified Statistics Advocated

*Editor's Note: The following is the second article written by Joseph Petritz of Notre Dame, written for the Golden Gater and the Associate Collegiate Press. In his first article he told of the methods of keeping statistics of football games. In the present article he tells of attempts made to standardize football figures.*

In my previous article, I attempted to point out several methods used by ambitious press agents to get a player placed on an All-American team. The press agents would state that a certain player or team gained a large amount of yardage from scrimmage but failed to state just how the yardage was made. No doubt, some of it was made on passes, etc. Due to the lack of methods of compiling statistics, too many charts are ambiguous.

The rest of the point could best be continued on Page 4

### Chico - S. F. Statistics

**Condolences**

The Golden Gater takes this opportunity of sending its condolences to Russ Sweet, coach of the San Francisco Junior College football team, on the tragic death of his wife. She was burned to death in an automobile accident on the Bayshore Highway.

Her talk will probably deal with her experiences on the Olympic teams, and she will probably tell many things that will be of value to the future Olympic stars.

## Statistics

Continued from Page 3

be made by illustrations showing the various charts different schools use to present the statistics to the working press at the conclusion of the game. Lines run one way on some, another way on others. Some include yardage that others omit. Terms used by two or more schools may mean different things in different parts of the country.

To the American College Publicity Association goes credit for the first move made to date, to my knowledge, to clarify and standardize both the method of keeping these statistics and the charts on which they are presented.

Asked to speak at a district meeting of the ACPA at the conclusion of the 1935 season, when the welter of charts and misunderstanding of that season was fresh in my mind, I suggested that these forms be classified and standardized for 1936. Homer Dunham, 1935 ACPA vice-president in charge of athletics, worked on the forms and methods I suggested to him after a personal survey of methods used all over the country, and the association adopted the suggested forms at its June 1936 meeting.

Meredith—Hygiene.....50  
American Nature Assn.—The Nature Almanac.....25

**MATHEMATICS**  
Lennes & Merrill—Plane Trigonometry.....50  
Lennes—College Algebra.....35

## EXECUTIVE BOARD MINUTES

The third meeting of the Executive Board was called to order. The following were noted absent:

Mr. Phette  
Miss Senk  
Mr. Goodwin—late

The minutes were approved as read.

## Committee Reports:

Mr. Smith reported that a 15 piece band will be at the games.

Concerning deputations, Miss Dechant presented a suggestion of having a student committee composed of representatives of the larger clubs of the campus, to work with a faculty advisor. They suggested Miss Casebolt as first choice and Mr. Freeburg as second choice.

Mr. Bill Smith reported that the lowest possible price the Co-op could sell Senior rings for was:

\$15.00 for the Men's and \$11.00 for the Women's ring.

Miss White reported that the general opinion of the faculty was to abolish the Candlelight Dinner.

Mr. Ed. Smith reported that the P. A. System needed fixing.

Mr. Ferrem reported that he was still trying to contact the Associated Oil Company for the broadcasting of our games.

Mr. Martin reported that the plans for the dedication of Roberts' Field were being formulated. A rally with J. C. will be held the Thursday night preceding the game.

Mr. Hopkins reported that the refinishing of the S. B. office was progressing rapidly.

Mr. Hopkins reported a treasury deficit of \$457 and that the S. B. has in its treasury \$141.00 to use for the entire fall semester.

## Unfinished Business:

After some discussion a motion was moved and seconded that the Candlelight Dinner be abolished. Motion passed. The same Candlelight Dinner committee will report on a substitution to be made at our next meeting.

A motion was made that we table the motion made last week stating that a Senior ball be given in the fall. Motion passed. The matter was then tabled until the low Senior class had a representative at the Board meeting.

President Cockrum read the names of those people whose petitions had been accepted.

## New Business:

Mr. Ed. Smith was asked to see about getting the P. A. system fixed.

Mr. Martin was placed in complete charge of the dedication of Roberts' Field.

Mr. Hopkins was asked to check-up on the Executive Board pins.

The following dates were tentatively approved by the Board: Block S Society—October 20—for an Amateur show. The freshmen class had also asked for this date but when they learned of the purpose of the Block S show they turned over the date and the auditorium and the P. A. System to the Block S Society.

Alpha Phi Gamma—Nov. 4—Scholarship Fund.

Freshmen class—Nov. 20—Outside dinner.

Junior Prom—Nov. 21.

Sophomore Strut—October 16 (?)

Mr. Martin presented a bill for \$2.70 to pay for pictures. Mr. Martin was informed that the bill would be paid but not to take any more pictures until it was decided who is to pay for them.

## Frosh Plan

## Class Feed

As the coming dinner on November 19 at Venetos is to be the biggest Low Frosh social event of the semester, final plans for the evening are already well under way.

President Bill Ferrem, enthusiastic over the way the plans are progressing, states: "I want every low freshman to be present at our dinner. With class support we can make this a big success."

At the dinner, which will start at seven-thirty, Hal Harden will be introduced as the class faculty advisor. The program, as far as the arrangements have been made, will consist of the dinner, entertainment and dancing.

Bob Sweeney will be the toastmaster of the evening, and Miss Marge Kearney will be the hostess.

Admission to the frosh dinner, which is open to all State students who wish to attend, is to be fifty-five cents.

Mr. Decker, Mr. Gus Smith, Mr. Ferrem and Mr. Barry were appointed as a committee to see about a Show to be put on with all the proceeds to go toward the Franciscan.

Miss Kyriazi asked for the Board's support of the Noonday recreation program.

A motion was made to keep Runar Stone as the official S. B. poster maker. Motion passed.

There being no further business, the meeting was adjourned at 9:00.

Respectfully submitted,

MARIAN IRWIN,

## Open Road Addressed On Russia

Dr. Addis of Stanford University Hospital in San Francisco addressed members of the Open Road Club in the Activities Room on Wednesday, October 21. The subject on which he talked was "Science in Russia."

Dr. Addis, who visited Russia last year, stated that scientists everywhere are realists. He laid a great deal of emphasis on the fact that scientists desire to bring about the communion of man with nature.

Science in Russia, however, is treated differently from science in the United States. Dr. Addis followed this statement by going on to explain that the people of Russia as a whole are really intensely interested in science and do not set it apart from other practical subjects as do the people of the United States.

"Russia," said Dr. Addis, "is a changing place; a place that changes people." He proceeded to tell the group that many of his pre-conceived ideas regarding science in Russia were changed after his arrival there. He found the Soviet government eager to foster new scientific ideas with financial aid.

One-third of the enormous sums given to science is devoted to theoretical science alone.

# Lucky for You

## —It's a Light Smoke!

### Your Throat Kept Clear for Action!

Smoke round after round of Luckies, and your throat keeps clear, your voice keeps clear. For Luckies are a light smoke! It is only Luckies that give your throat the protection offered by "Toasting." So make your choice a light smoke and then smoke round after round and they'll still taste good — your mouth will taste clean. For Luckies are a light smoke — made from choice center leaves... the top price leaves... of the "Cream of the Crop" tobaccos!
